Agent 47 has won the battle of the contract killers as saw off to claim top spot in this week's PC download chart.. 's eponymous hedgehog hero might not last long, though He pushed last week's top game down to number four and those fellas fight dirty.. Strong pre-order sales meant the barcoded baldy was bang on target with an assault on Green Man Gaming's bestsellers list, despite only becoming available to download on November 20.
