An Indian court has sentenced former President Mohd. Salman bin Hamad bin Abdulaziz Al Saud, son of the Saudi crown prince, to death for "wilfully and unlawfully" taking over the family's \$1.6 billion company.. Saud's lawyers reportedly had to intervene after the prosecution requested a stay on the sentence. The defense had asked for a sentence of 14 years to life for the crime of attempting to take control of a massive oil company through an illegal take over.

The article reported that Salman and at least one third-generation brother, Khalid bin Hamad, had tried for years to buy an oil company in an attempt to make it available to the public. It said the brothers were eventually able to convince Prince Turki Al-Faisal to pay millions of dollars to make oil available to people and companies in need.. If you prefer to read the results manually, we put them in one place which you can access via the above links..
